PROFESSIONAL SUMMARY

Full Stack Developer with experience in building enterprise Identity Governance and Administration (IGA) solutions, scalable web applications, and RESTful APIs. Skilled in React.js, Node.js, MSSQL, and Active Directory integration, with hands-on experience in Identity Lifecycle Management (ILM), authentication systems, and multi-tenant application development. Focused on building secure, maintainable, and user-centric enterprise platforms.

EXPERIENCE

Full Stack Developer Jan 2023 - Present
BAAR Technologies *Kolkata, West Bengal*
BAAR-IGA React.js, Node.js, Express.js, JavaScript, MSSQL

- Designed and developed core Identity Lifecycle Management (ILM) functionalities including account activation, deactivation, reactivation, account renewal, and password management integrated with Active Directory (AD).
- Developed onboarding and amendment modules with dynamic forms supporting request-based approvals and direct Active Directory provisioning.
- Implemented enterprise authentication features including Multi-Factor Authentication (MFA), Active Directory login integration, forgot password, and account unlock functionalities.
- Contributed to Access Lifecycle Management (ALM) workflows including provisioning, deprovisioning, access modification, and identity governance processes.
- Developed and maintained the complete License Management module, including frontend UI, backend APIs, and integration with role-based access control and workflow systems.
- Worked on SCIM (System for Cross-domain Identity Management) for automated user provisioning, deprovisioning, and identity synchronization across applications.

SKILLS

Languages	JavaScript, TypeScript, SQL, Python
Frontend	React.js, Redux Toolkit, Tailwind CSS, Ant Design
Backend	Node.js, Express.js, Fast API, REST APIs, GraphQL
Databases	MSSQL, MongoDB, MySQL, Redis, Firebase
IAM / Enterprise	Active Directory (AD), Identity Lifecycle Management (ILM), MFA
Tools	Git, Docker, Postman, Linux, Nginx

PROJECTS

OmniDesk - RealTime Support chat App. Production-grade real-time customer support platform built with React, Node.js, Socket.IO, PostgreSQL, Drizzle ORM & Docker. Features atomic ticket claiming, message idempotency, multi-tab presence, and read receipts.

E-Commerce Web Ap. Built a full-featured e-commerce platform using React.js and Redux Toolkit with Firebase authentication and Razorpay payment integration.

EDUCATION

B.Tech in Computer Science and Engineering 2020 - 2024
Om Dayal Group of Institutions Howrah, West Bengal

Class XII (CBSE) 2019
Children Senior Secondary School Azamgarh, Uttar Pradesh
